Languages: Proficient

Java, C, Lua, C#, C++, OpenGL,
HTML5, CSS, SQL, R

Basic

Python, JavaScript

Programs:

Unity, Corona, Android Studio, Microsoft
Excel, Microsoft Word, Adobe Photoshop,
Skyrim Creation Kit, GameMaker Studio 2

Key Projects:

Neon Match:

Neon Match is a color matching game for android. It was made during second year in Android Studio

No Time To Wait:

No Time To Wait is a game made in Unity in a group of 5. Made for [Games Fleadh](#) 2017.

Personal Achievements:

- Received four letters from the President of University of Limerick congratulating me on my outstanding academic achievements.
- Received the “Sisters of Charity” award from Scoil Pol, which is an award given by the teachers to a pupil they feel has contributed to the ethos of the school and that has worked hard and has been caring and giving to the school community.
- I also received “An Duine Dilis” award which is an award given by sixth year pupils to a classmate that they feel made a difference through support, kindness and consideration of others.
- I was elected Prefect in 6th year.

Work Experience:

I have been working on my family farm, where I was given the responsibility of using machinery and handling animals, for many years.

During 5th year and Transition year I did work experience in Puddle Ducks Playschool in Glenbrohane, Limerick Animal Welfare in Kilfinane, and Grey Heron Media in Kilfinane.

Interests:

I have an interest in art, video games, board games, computers and reading graphic novels. I also like to walk and have a keen interest in the environment. I am also a member and hold a position on the University of Limerick Game Society where I help organise and run gaming events on the campus throughout the semester.
